

ZEPHYR® II

Pulse-Cleaned Portable Dust and Fume Collector

Portable Air Cleaner for capturing welding fumes, grinding dusts, dry dusts, soldering fumes, and other airborne particles.

Standard Features & Benefits –

- Complete unit—just plug it in to 110V/1Ph/60Hz and you're collecting dust and fumes.
- Roll out dust drawer.
- Roll out filter tray.
- Exterior arm adjustments.
- Heavy duty fume arm is obstruction free on inside.
- Easy hood positioning with 360 degree positioning.
- 700 cfm at the capture hood (1250 cfm free air—no resistance).
- **Three stage filtration:**
 - Primary spark trap
 - Spun bond polyester (washable) pulse-cleaned filter yields 99.99% efficiency on 0.5 micron and larger particles
 - Carbon after filter
- Large wheels with swivels and brakes for ease in moving and positioning.
- Tough powder coated surface finish inside and outside.
- Venturi assisted pulse cleaning, manually activated.
- Dust drawer grid minimizes dust re-entrainment.
- 110/1/60 VAC 1 Hp motor (15 amp circuit required).
- Thermal overload in motor starter switch.
- The only thing you need to supply is the electrical feed and compressed air line.
